Subject: 316b

Hi Bryan and Jeff,

I just wanted to let you know that I haven't heard anything from our EPA HQ yet re: 316(b) applicability, but will let you know where things are. While we're working out questions on general 316(b) applicability, I thought on a parallel track, we could also talk about 316(b) language in the permit. I've drafted up some 316(b) language on the Grand Coulee which I'm having EPA HQ review to see if they agree. If it looks good to them, I wanted to share with you what we're thinking to get your thoughts on the approach.

So at this point, I'm waiting to hear from people. I just wanted to keep you in the loop on where we're at. If you have any questions, feel free to give me a call. I hope to hear something by mid-week if not earlier.

Jenny Wu
